## FEEDBACK SUMMARY REPORT

Feedback is an essential element of the Learning Process. Shree Mahadev Baburao Chaugule College believes that the Performance of the college is fundamentally dependent on effective Learning Outcomes. Feedback Mechanism is an essential and effective tool to know the level at which the college is imparting quality education. Hence, the College made a policy decision to collect feedback from different stakeholders and to analyze the institutional performance on different fronts.

Initially, the College had devised a manual student feedback form. The physical forms were collected by departments from the students. The feedback forms were provided to students at the general office and "in-class" feedback from students were collected. Later, IQAC developed an online Feedback Mechanism and framework for its analysis on the Website to avoid the biases regarding Feedback from Stakeholders. Feedback Forms are available on college website for all the stakeholders i.e., Students, Teachers, Alumni and Employers. Duly Filled Feedback forms are to be forwarded to the IQAC for analysis. The Feedback analysis report is forwarded to the IQAC and later to the Chairman of the institute for ATR. He himself analyzes all the reports for further course of action.
